DESIGN & CODE

EDUCATION

B.S. in Computer Science & Human-Computer Interaction — May 2013
Minor in Communication Design
Carnegie Mellon University — Pittsburgh, PA
Cumulative GPA: 3.35/4.00
Dean's List, Fall 2010 & Spring 2012

EXPERIENCE

Mozilla, User Experience Design Intern
Mountain View, CA — Summer 2012

Initiated an effort to redesign Firefox's bookmarks and history browsing features, which resulted in a functional prototype in the form of an add-on (github.com/cleercode/mosaic). Prototyped a redesign of Panorama, Firefox's unique tab management system. Helped the front-end engineering team implement Firefox's Australis visual redesign. Also redesigned Bugzilla, Mozilla's companywide bug-tracking system.

LearnBoost, Engineering Intern
San Francisco, CA — Summer 2011

Created the foundation of a brand new video creation tool and online education marketplace with Node.js, JavaScript, and HTML5 Canvas. Mentored by some of the top JavaScript developers in the industry.

Stik.com, Engineering & UI Design Intern
San Francisco, CA — Summer 2010

Helped build a Facebook-powered small business directory in PHP and JavaScript. Redesigned the entire site, defining the user interface standards and branding it uses today.

PROJECTS *many more at chrsl.net*

Design for Programmers— speakerdeck.com/u/cleer
Delivered a 30-minute presentation introducing web design concepts to an audience of 50 hackathon participants, mostly computer science students.

Coursel — coursel.net
A simple and sleek grade calculator for Carnegie Mellon students, written in JavaScript.

SKILLS

Interaction design:
user interfaces, user experience, prototyping, contextual inquiry

Visual design:
branding, typography, print layouts, Photoshop, Illustrator, InDesign

Web front-end:
HTML5, CSS3, JavaScript

Web back-end:
Node.js, Ruby on Rails, PHP, Java Servlets

Programming:
C, Java, Ruby, Objective-C, Standard ML

COURSEWORK

Basic Interaction Design
Communication Design
Designing Mobile Services
Software Structures for UI
User-Centered Research
Web User Interface Lab

Computer Systems
Data Structures & Algorithms
Functional Programming
